Lancashire and Cotton 57
Laps in Cotton Carding. Split 144
Mill Operatives and Cotton Growing 549
Picking Cotton by Machinery 446, 555
Production of Cotton Machinery 372
Raising Cotton 303
Sizes of Yarn 692
Southern Cotton Mill. An Old 312
Spots on Cotton Yarn 105
Supply of Cotton. The Invisible 161
Tariff on Cotton Goods. The 554, 653, 663
Weaving Mill. A Cotton 688
Yarn Mills in Germany. Cotton 553

Dyeing, Bleaching, Etc.

Bleaching of Woolen Yarn 610
Bleaching Merino Yarn 120
Bleaching Skein Yarn 238
Bleaching Wool Without Costly Apparatus .. 596
Cotton Piece Goods. The Dyeing of 712
Damage Caused by Iron in Bleaching Tussah Silk 709
Development in the Bleaching Process 386
Dyeing Cotton Duck 591
Dyeing of Union Goods. The 513, 612
Dyeing Machine. The Improved Obermaier 124
Dyeing Machine. New (Beckman Co.) 398
Element of Time in the Finishing Process. The 470
Finishing Bed Spreads 503, 618, 695
Iron in Water 515
Mercerizing Machine. A New 710
Modern Dyeing Conditions 390, 519, 616
Selection of Stock for Mercerized Yarn. On the Proper 388
Soda Ash and Other Forms of Alkali in Textile Industries 251
Sodium Perborate. Bleaching with 696
Sponging Wool Goods 518
Spontaneous Combustion 250
Steam Brushing Wool Goods 611
Streaks and Marks on Dyed and Finished Fabrics 125
Turkey Red on Heavy Fabrics. Dyeing 126
Vegetable Dyes 254
Vigoureux Printing of Worsted 485
Water Required for a Dyehouse 374
Waterproofing by the "Millerain" Process .. 238
Woolen Finishing. Special Processes in 122, 614
Woolen Goods. Finishing 254

Knitting.

Blotches on Knit Goods 375
Cam Cylinder for Knitting Machines. A 509
Changing a Mill from Two Piece to Union Suits 105
Circular Knitting Machine. Improved ..115, 246
Elastic Knit Fabric. An 703
Full Fashioned Hosiery Machine. The Ludwig 382
Full Fashioned Knitting 110, 377, 601, 701
Hosiery Board Clamps. (Albert C. Beck) ... 724
Hosiery and Underwear Manufacturers. The National 336
Knit Goods Manufacturers' Association. The 319
Knitting Machine Needle 603
Knitted Sweater. A 605
Manufacturing Half Hose 695
Neckties. Knitting 116, 244, 506
Piece Work System for Knitting Mills. A .. 381
Piece Work System on Underwear 507, 593
Pressing Half Hose 598
Rib Tops. Knitting 705
Ribbed Fabric. A Tubular 383
Reinforcing Hosiery 243
Sizes of Boys' Sweaters 501
Sizes of Men's Athletic Underwear 696
Sizes of Sweater Coats 240, 510
Spring Needle Knitting Machine. (Wilcomb Machine Co.) 397
Stains on Knit Goods 498
Stop Motion for Circular Knitting Machines 607
Streaks on Knit Goods 598
Tops on Hosiery 593
Yarn Trap for Knitting Machines. A 604

Woolen and Worsted.

"All Wool" Clothing 162
Argentine Wool 449
Association of Woolen and Worsted Manufacturers. The American 322
Baling of Australian Wool. Better 320
Burning of Wool 105
Carded Woolen Mill. Plan of a 100
Combustion of Wool 373
Consumption of Domestic and Foreign Wool 458
Cost of English Worsted Mills 501
Cotton Worsteds 237
Imports of Wool 549
Importing Wool on the Skin 57
Minnesota Wool 304
Moisture in Wool. Testing 273
Organization in the Wool Trade. International 659
Price of Wool 692
Sheep in Great Britain 73
Shoddy or Wool 447, 455
Shrinkage in Finishing 107
Tops Mills in Australia. Subsidized 59
Undervaluation of Worsteds 238
Wool and the High Cost of Living 163
Wool Auction. A Bradford 474
Wool and Cotton at the Same Price 551
Wool Classing in New Zealand 230
Wool Dealer's Trip to South America. A Philadelphia 64
Wool Growing in Argentina 453
Wool Growing in New Zealand 667
Wool Imports 58
Wool Industry of Victoria. The 566
Wool Supply 658
Wool Yarn. Marking the Weight 59
World's Wool Clip 313
Woolen and Worsted Overseers. National Association 173, 328
Worsteds in England 309
Worsted Mill. A Modern 80
Worsted Spinning and Weaving Mill. A 320

New Machinery and Processes.

Arc Lamp. The New "Radio" (Radio Reflector Co.) 402
Automatic Card Feed. The (Smith & Furbush Machine Co.) 137
Baling Press. A New (Logemann Bros.) ... 135
Banner Knitter. Improvement for the (Hemphill Mfg. Co.) 243
Braiding Machine. International (Mossberg Wrench Co.) 262
Cloth Cleaning Machine. (A. W. Buhlmann) 628

Cloth Cutting in Underwear Mills. (H. Maimin) 526
Cloth Measuring Machine. The "Roco" (C. J. Root Co.) 139
Cloth Winder. The Bristle (American Finishing Machinery Co.) 401
Damper Ventilator. Double (Burt Mfg. Co.) 625
Dust Blowing Set. The (B. F. Sturtevant Co.) 142
Dust Remover. The Gustav Automatic (Victor Gustav) 531
Evener Regulator. The Button (Kitson Machine Shop) 405
Feed Water Heater. The Reilly Multicoil (Griscom-Spencer Co.) 143
Full Fashioned Hosiery Machine. A (Louis Hirsch) 382
Gingham Loom. (Crompton & Knowles Loom Works) 400
Glide Proof Pulley Covering. (National Glide Proof Co.) 525
Hopper Feed. Double (Potter & Johnson Machine Co.) 260
Hosiery Board Clamp. (Albert C. Beck) ... 724
Humidity Control. Automatic (John W. Fries) 264
Humidifier. The Tillotson (Tillotson Humidifier Co.) 270
Hydraulic Labor Saving Machine. (Gamewell & Kirby) 140
Hygrodeik. The "Tycos" (Taylor Instrument Companies) 528
Lap Winder. An Improved (Saco & Pettee Machine Shops) 132
"Maximum" Silent Chain. (Link-Belt Co.) .. 265
Mill Sewing Machine. Improved Foot Power (Dinsmore Mfg. Co.) 404
Oil Engine. An (De La Vergne Machine Co.) 623
One Piece Split Pulley. The Reger (Reger Mfg. Co.) 525
Opening and Folding Machine. Improved (Birch Bros.) 267
Paraffine Attachment for Winding Machines. (Jacob K. Altemus) 726
Power for Driving Mules 630
Power Transmission for Spindles. Steel Band (Spin-Wright Construction Co.) 259
Roller Bearings vs. Babbitted Bearings. Royersford Foundry and Machine Co.) 721
Self-Sharpening Scrimp Rail. Patent (Arlington Machine Works) 395
Silk Finish Calender. A New (Alfred Suter) 725
Spool and Bobbin Disc Dividing Saw. (Defiance Machine Works) 720
Spooler Guide. (Draper Co.) 628
Spray Method of Oiling Wool. Spray (Schutte & Koerting Co.) 627
Steam and Air Flow Meter. A (General Electric Co.) 406
Strength Testing. (Henry L. Scott & Co.) .. 394
"Tar-Rok" Sub Floors. (Barrett Mfg. Co.) 726
Test of Boilers at the Everett Mills 269
Testing of Fibers and Fabrics. The (Alfred Suter) 272
Testing Moisture in Materials. Apparatus for 403
Textile Mill Lighting. (Wheeler Reflector Co.) 719
Top Rolls. Weighting (L. T. Houghton) ... 266
Turbo Undergrate Blower. (B. F. Sturtevant Co.) 723
Vapor Disposal and Ventilating System. A .. 530
Vertical Saw Tooth Roofs. Advantages of .. 624
Warp Gassing Machine. (Foster Machine Co.) 138
Web Warper for Narrow Fabrics. The Cocker (Cocker Machinery Co.) 131
Winding Machine. A Novel (Emil Walder) 527
Wire Stitching Machine. The "New Jersey" (J. L. Shoemaker & Co.) 243
Yarn Conditioner. The Amoskeag (C. G. Sargent's Sons) 133

Silk.

Calculating Cost of Sateen 697
Metric Yarn Counts in the Silk Schedule 450
Sizes of Silk and Cotton Threads 103
Spun Silk Yarn Advanced 60
